

# CERTIFICATE

This is to certify that

**the toilet bowls of TOTO Europe GmbH featuring Tornado Flush technology, the CeFIONtect nano-technology glaze and rimless ceramic bowl** meet the requirements of the laboratory of Mrs Prof. König.

Each year test results proof that these toilet bowls match the requirements of the german hygiene certificate and correspond to all demanded specifications.

### **Tornado Flush**

Three powerful jets of water create a whirlpool effect that quietly cleans the entire surface of the bowl

### **Rimless design**

The ceramic toilet does not have a rim, which prevents dirt and bacteria from accumulating in impossible to reach places

Accumulated dirt with and without CeFiONtect glaze

### **CeFiONtect**

Special hygienic glaze for an extremely smooth ceramic surface that prevents the accumulation of dirt; suitable for microfibre cloth

### **Removable toilet seat**

For easy cleaning
